To,

The Registrar

Kerala University of Health Sciences,

Thrissur

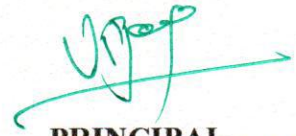

Subject: Acknowledging the feedback suggestion raised during stake holder feedback taken during the academic year 2022-2023 regarding revising Internal assessment mark class average limit from 75% to 80%.

Sir,

We are pleased to inform you of a suggestion raised during our feedback process from stakeholders. The feedback collected from students and teachers stated that it will be better if the class average is revised to 80%. While calculating internal assessment marks, since we have a borderline of class average, it's difficult for the subject in charge to award the internal marks. Some students have made outstanding performances in the internal exams; since we have a maximum limit of 75%, we find it difficult to give a good score. If the university is upgrading the rules in this regard, the class average to 80% from 75%, and a better result can be obtained.

Kindly consider and do the needful for the benefit of students and make the limit of class average to 80% instead of 75%.
